# HOW TO CLEAR 'CACHE' ON GOOGLE CHROME

Follow the steps below to clear your browser cache:

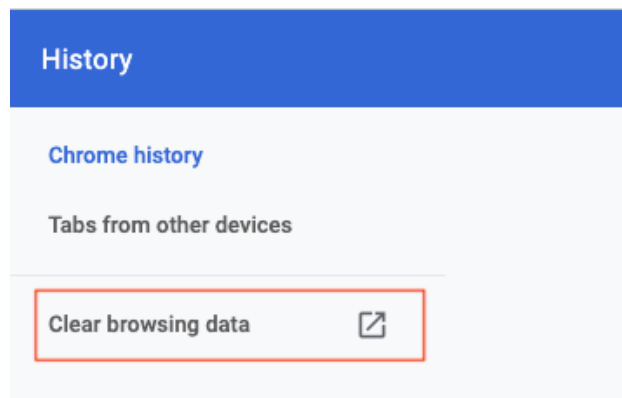

1. Click on the three small dots at the far right of the URL website bar.

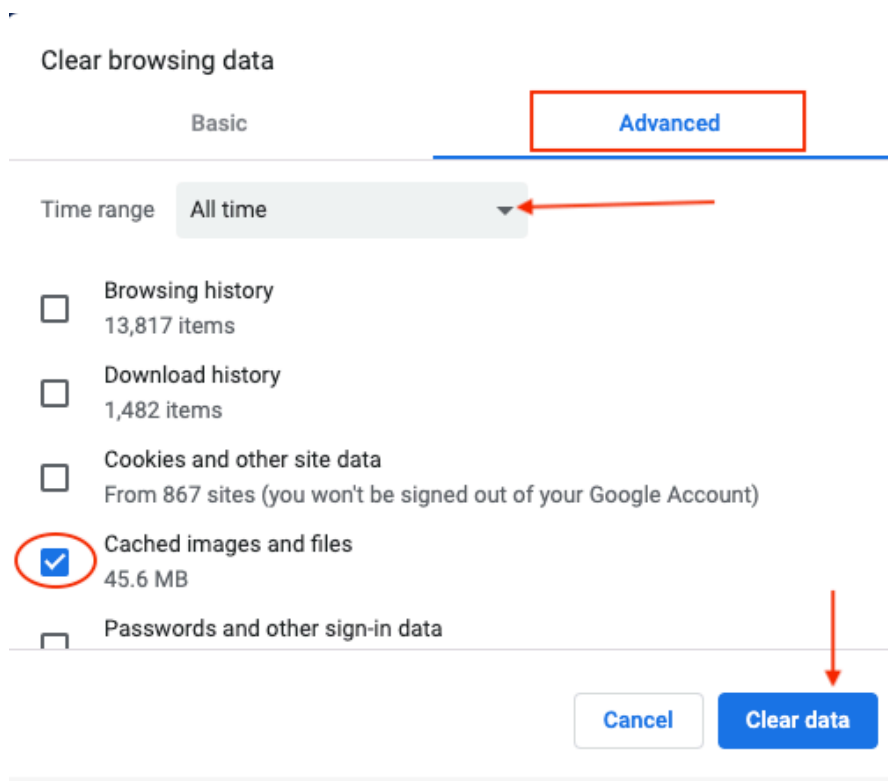

2. A drop-down menu will show. Click 'History'.

3. A new tab will have opened. Click 'Clear browsing data'

4. Make sure you are in the 'Advanced' tab on this page.  
Select 'All time' in the 'Time range' drop down  
Click 'Cached images and files'  
Click 'Clear data'

5. Go back to our website and click the refresh icon to re-load the page.
